

WRC-2003 Advisory Committee

IWG-7

DRAFT RECOMMENDED PROPOSAL

Reference: Agenda Item 1.1

WRC-95 added footnote **S5.389D** to the Table of Allocations in the simplified Radio Regulations adopted by that Conference. Since the date specified in the footnote has come and gone, the United States is of the view that its name can be deleted from this provision in accordance with Resolution 26 (WRC-97). Consequently, the following modification is proposed:

MOD S5.389D In Canada ~~and the United States~~ the use of the bands 2 010-2 025 MHz and 2 160-2 170 MHz by the mobile-satellite service shall not commence before 1 January 2000.

Reason: Footnote is overcome by date and is no longer needed.
